EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kajane McManus on 12/02/2004.

The application has been amended as follows:

In claim 1,

line 10: after "an edge of the tray" insert --, wherein said cover engages said rim and rests on the platform when positioned thereof--.

Claim 5 has been cancelled.

2. Claims 1 and 4 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance: none of the cited prior art alone or in combination teaches a pool tray having, in conjunction with other limitations, a cover which engages the rim and rests on the platform or hingedly fixed to an edge of the tray. It would have not been obvious to modify any of the cited tray, platform or table to have a cover as claimed, as shown in the prior art, without hindsight reasoning or destroying the function of the prior art device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
